Comments Report

3. Open Response Questions:

- 3.1) What do you like most about the course and instructor?
- Katie graded our homework very thoughtfully, I really appreciated her comments because I always knew what I did wrong.
- Katie made herself available for tutoring and extra whenever she had the chance. She was enthusiastic about this position and has a bright future in the industry.
- Katie was always very willing to meet outside of class (even beyond her office hours), which was extremely helpful and kind. Her explanations were clear, and in cases where explanations were initially less clear she was able to try a new explanation that would make more sense. This made it much easier to grasp difficult concepts. She will definitely make a great professor; you would be foolish not to hire her.
- Katie was an excellent TA. She was always offering additional office hours, very approachable, and clear in her explanations of the material.
- Katie was the best TA ever. Her explanations were very clear and helpful.
 She offered a lot of extra office hours, even though she didn't have to.
 I am very grateful to her and I totally think that she should teach her own statistics class.
- The TA regularly held designated office hours and encouraged students to attend them. Sometimes for difficult assignments, she held extra office hours and was vey helpful.
- The course is structured well and organized. Katie is a very effective TA and made sure to double check we were understanding the material. She took time out of her days to schedule extra office hours when students asked. She is very knowledgeable of the material.
- What could the instructor do to improve the course, if anything?
- Katie was perfect!
- N/A
- Nothing I can think of
- Nothing.
- Provide more practice questions.
- 3.3) Other comments or suggestions.
- Katie is an excellent TA and very friendly as well! A valuable resource to the course.
- Thank you for all of your help!
